500 lm or 250 lm

High-power LEDs for long-lasting comfortable light output
Equipped with 15 high-power, long-lasting LEDs

Cordless professional lighting tool
Integrated battery status display

Professional inspection light with flexible design

LEDinspect PRO SLIMLINE 500 is a rechargeable LED inspection light with robust aluminium design. Thanks to the long-lasting high intensity LEDs with a color temperature of up to 6,000 Kelvin, this luminaire produces a powerful light for your garage. In addition the inspection lamp has light settings (500 and 250 lumens) and provides a 150° degree bending mechanism. No batteries are needed - LEDinspect PRO SLIMLINE 500 can be easily charged via USB port and DC connection. OSRAM offers a 3 year guarantee for this inspection luminaire.
